

YOUR MISSISSIPPI TAX DOLLARS CAN CHANGE LIVES

Support women • Strengthen families • Choose hope

What is Mississippi's Pregnancy Resource Act?

The Pregnancy Resource Act allows eligible Mississippi taxpayers to receive a state tax credit for voluntary cash contributions made to an approved Pregnancy Resource Charitable Organization like Pregnancy Care and Hope Center.

A dollar-for-dollar **TAX CREDIT** - Not simply a deduction!

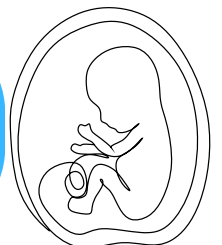

Here's a simple example

Your approved contribution helps provide free pregnancy testing, limited obstetrical ultrasounds, practical resources, and compassionate support to women and families throughout the MS Delta.
